

Hello,

Welcome to The Warren School, I apologise that I am not able to meet with you face to face as I normally would but I am sure that you understand that due to these exceptional circumstances we are not able to do so.

Our open evenings are always busy and for the last few years our 6th form has increased in popularity so much that we were oversubscribed in Year 12 this year. This is due to the great teaching and caring pastoral support the school provides, and the success that our students have achieved as we have developed as a stand alone 6th form.

So how would I describe The Warren School to you...

1. We are a school that is based on strong, traditional family values.
2. We expect the children to be engaged in their education and to want to do well.
3. We know that our community expects their children to enter university.
4. 93% of our Year 13 cohort go on to university with a number of our children studying medicine, dentistry and finance.
5. A significant number of our children go to Russell Group universities including Oxford for the past few years, of which we are rightly proud.

At The Warren School your children become our children. We see them grow and develop into young adults that are facing an ever-changing landscape. We want them to develop their morals and values so that they can enter society as good people. We have one rule in the school that pervades – be in the right place at the right time doing the right thing.

We expect parents to uphold our values and want you to be supportive of our behaviour systems.

Our environment is calm, friendly and purposeful. We have an ethos of a high level of self-discipline. All children must be in full uniform at all times and yes, we do like the small things, top button done up, shirts tucked in and blazers worn at all times. Children must be proud of the Warren uniform and of attending our school.

There is also a dedicated Year Care Team for each year group – an adult who does not teach but whose sole responsibility all day is to support students and who will be that consistent point of contact for parents and students. These Year Care Team are fundamental to maintaining the very high standards of behaviour and uniform in the school.

The Warren School has commitment, pride and dedication from all members of staff who value working in such an improving school.

The school offers a wide range of very high quality academic and vocational courses and all students have the opportunity to undertake realistic scientific and business related projects. Full use is made of the very latest technology and state-of-the-art computing facilities are a feature of teaching in all subjects and are a major feature in the school.

We are proud to say that during the lockdown period all children continued their education on a daily basis following their normal school timetable with teachers being able to answer questions through Google Classrooms. For this, I am immensely proud of my staff and students.

If your child needs our support and guidance, we will ensure that this is provided. We wish to make sure that our young people continue to be motivated and inspired in their education and at every stage, we want to ensure that their parents are fully involved.

You have high expectations and aspirations for your child; you want them to have the best future, we will help them prepare for that future.

Life is changing for all of us. The current economic market places even further value on education.

If you are lucky enough to get a place here, we promise you that we will make sure that your child thrives in our environment and the doors to opportunity will be open to them.

We do not allow mobile phones to be used in school and parents will have to support us in this measure. There is plenty of time to use all the apps that the children have, but not in school time.

Ultimately, The Warren School values your child's education and this is the school to choose if you value your child's education.
