Approaches
Research Methods
Biopsychology
Cognition & Development
Schizophrenia
Aggression

Cognitive Development

At what age do we start to have thoughts? Is intelligence due to genes or the environment?

Research Methods
Psychologists also conduct experiments but they carry them out on people. You will learn how to conduct your own research.

Watch the video below:

<https://www.youtube.com/watch?v=vJG698U2Mvo>

Perception

Count how many times the players in white pass the ball? Did you notice anything else in the background?

Language, Thought & Communication

Can animals communicate like humans? Could we teach animals to do sign language?

Psychological problems

Why do some people find it so hard to stop smoking? How can people with an addiction stop?

SCHIZOPHRENIA EXPLAINED

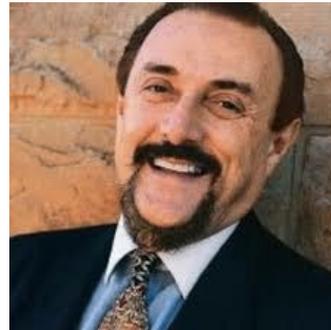

Schizophrenia

What causes Schizophrenia? How can we treat schizophrenia so that people can have a “normal” life?

Social psychology

You may have heard of this man, his name is Philip Zimbardo. His Stanford prison experiment explained why people conform & follow the behaviour of others.

Attachment

Are there different attachment styles? Could this affect you relationships with friends, partners and your children in the future?

Watch the video below:

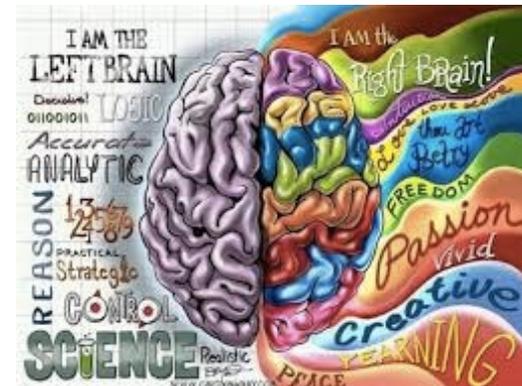

<https://www.youtube.com/watch?v=QbTX2qS10>

Memory

How good is your memory? Do you think we can trust the memory of people when they witness a crime?

Biopsychology

Do the right and left sides of the brain have different jobs? What could those jobs be?

***Famous Psychologist's

**Education
Families & Households
Research Methods
Beliefs in Society
Social Theory
Crime & Deviance**

Ethnicity

What is ethnicity?

How does it differ from race?

Does ethnicity affect your ability to succeed in life?

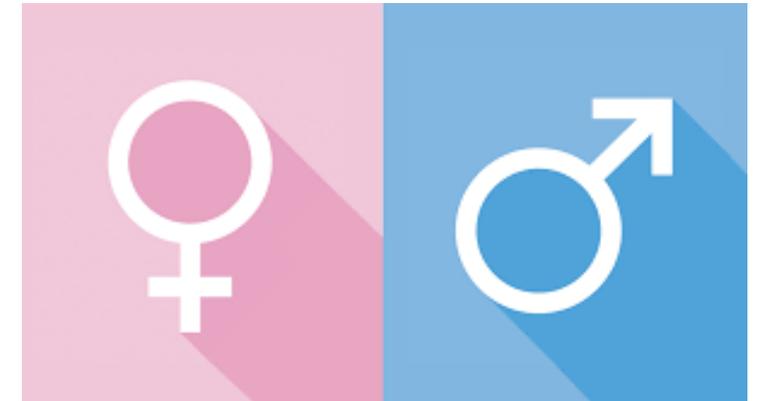

Class

What is class?

What are the different classes?

What determines which class you are in?

Does class affect your ability to succeed in life??

Gender

How do we learn to be boys and girls?

How are we reminded of how a boy is supposed to behave and how a girl is supposed to behave?

Are boys and girls treated differently?

Crime & Deviance

Have you ever wondered why people commit crime and why others don't?

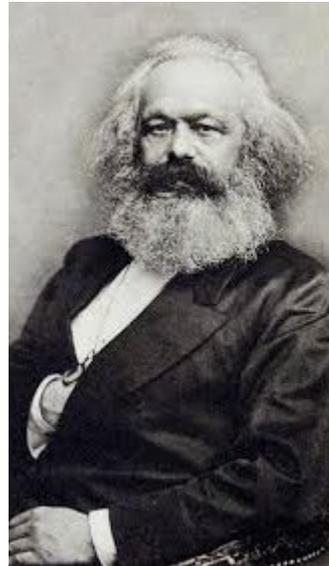

Does ethnicity, gender or social class affect how likely someone is to commit a crime?

How effective are current punishments of crime?

Sociological Theory

You may have heard of this man, his name is Karl Marx! He believes that society is unfair and unequal and that some people benefit more than others. His ideas are extremely controversial as some people believe this is a very negative view of society.

Education

Have you ever wondered why you have to come to school?

Why some genders or ethnicities perform better in school than others?
Why have the government allowed some schools turn into academies?

Families & Households

What are the different types of family?
Are some family types better than others?
Can a couple be considered a family?
What is the role of your family in your life?
